STANLEY® PERSONAL PROTECTION

AM/FM RADIO EARMUFF

Stanley® Personal Protection AM/FM Radio Earmuff

Stanley's new AM/FM Radio earmuff offers superior sound quality, while its lightweight design and unique headband provide superb comfort for all-day wear. Patented electronics limit volume to a safe 82 dB while preventing exposure to hazardous noise levels. Its flexible antenna provides high-quality reception and is durable for tough environments. As a low-energy consuming earmuff, the Stanley® AM/FM Radio earmuff maintains a battery life of up to 140 hours. The automatic 4-hour shut-off feature helps to prevent excessive battery loss in the event the earmuff is not turned off.

Personal Protection from a trusted brand.

STANLEY® PERSONAL PROTECTION AM/FM RADIO EARMUFF

Personal Protection from a trusted brand.

Noise Reduction Rating

NRR 23 provides dependable attenuation in environments where hazardous noise is present.

Non-Deforming Outer Headband

Robust construction withstands rough treatment in the toughest environments.

Quick-Click Height Adjustment

Easy to adjust for a comfortable fit. Headband setting remains fixed while wearing.

Inner-Ventilated Headband

Minimizes pressure on your head to ensure comfort. Soft contact surface breathes easier in warm/humid climates.

Scott Riggs, Driver of the No. 10 Stanley Tools/Valvoline Dodge.

Packaged To Sell

Eye-catching retail packaging captures attention and drives sales. Can be shown on countertop, hanging from pegboard or in a display case.

Contemporary Style

Incorporates Stanley's bold colors for a stylish look.

Lightweight Design

Superb comfort for long-term wear.

Sound Level Limitation

Radio volume does not exceed 82 dB.

Easy-Access Battery Compartment

Screw-lock closure prevents the possibility of the batteries falling out.

Low Energy-Consuming Earmuff

Battery life of up to 140 hours. Automatic shut-off after 4 hours. Includes 2 AA batteries.

AM/FM Radio

AM/FM radio with superior sound quality and excellent stereo reception. Separate toggle switch to change between AM and FM.
